

CELL DIVISION DINNER MENU

Appetizer (everyone shares)

- Draw & label the structure of a chromosome

Entrée (select one)

- Draw a picture of what happens/steps of the cell cycle
- Write 2 paragraphs about what happens/steps of the cell cycle
- Create a song or rap about what happens/step of the cell cycle

Side Dishes (select two)

- Compare & contrast Interphase and Mitosis in a venn diagram
- Re-write the lyrics to a song relating them to the phases of mitosis
- Make a creative short story from the point of view of a cell undergoing mitosis and their journey through each step
- With a partner, create & perform a skit of mitosis & each phase (script must be submitted)

Dessert (select one)

- Explain what would happen to cells if they never went through mitosis and just kept continuing to grow
- Write a 10 question quiz about the cell cycle & mitosis. Provide a separate answer key.
